HC

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 40-48, 50-65, 67 are allowed.

The cancellation of Claims 66, 68-71 has rendered moot the rejection under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement.

The cancellation of Claim 71 has rendered moot the rejection under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement.

The enablement rejection for Claims 40-48, 50-70 under 35 U.S.C. 112, first paragraph, is withdrawn upon reconsideration in view of the amendment limiting the compound to formula A, Aa, B, or Ba wherein R4 and R5 do not form a ring, and the method to treatment of the specific disorders/diseases as recited in claim 69. The scope of the claims as amended is now commensurate with that of the objective enablement.

Levin (6228869) discloses a sulfonamido isoxazolo[4,5-b]pyridine carboxylic acid, hydroxyamide compound (column 48, Example 94) which differs from the instant in not having the urea attached to the carbonyl. Motivation to modify the prior art compound to arrive at the instant invention is lacking.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Evelyn Huang whose telephone number is 571-272-0686. The examiner can normally be reached on Tuesday-Friday.
